Individual Notes:

The Aurora litter overall is very confident and self-assured. They show no stress in new situations, around new people, or in circumstances typically considered stressful. They are curious and investigative with new sites and sounds, including those that would be considered startling. These puppies have very good memory, focus and problem-solving abilities for their age and stage of development. They also have excellent motivation for interaction and food. They have good motivation for toys. These puppies overall are socially appropriate in their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people. They do use their mouth quite a lot to initiate or engage in play, but they have very good bite inhibition. These puppies are rarely vocal. Overall these puppies have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are fairly consistent, differences between them are only noted when comparing them side-by-side.

Aurora Green Dot and Orange Dot are very engaged and personable. These puppies prefer to be with people than being on their own. They actively work to get and keep your attention. Green Dot and Orange Dot are very good candidates for service and or therapy work, they have mid to moderate energy. These puppies will do best in a home that is going to be interactive and engaging.

Health notes:

Orange Dot has no health notes
