#### Individual Notes:

The Aurora litter overall is very confident and self-assured. They show no stress in new situations, around new people, or in circumstances typically considered stressful. They are curious and investigative with new sites and sounds, including those that would be considered startling. These puppies have very good memory, focus and problem-solving abilities for their age and stage of development. They also have excellent motivation for interaction and food. They have good motivation for toys. These puppies overall are socially appropriate in their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people. They do use their mouth quite a lot to initiate or engage in play, but they have very good bite inhibition. These puppies are rarely vocal. Overall these puppies have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are fairly consistent, differences between them are only noted when comparing them side-by-side.

Blue, Green, Orange, Blue Dot, and Red are very well-balanced. They have mid to moderate energy. They are gentle and easy with handling. They are playful, curious social and happy. They are eager and engaging. They are affectionate while still content to explore, and play on their own. They are well-balanced and should adapt well into most any home.

#### Health notes:

Blue has no health notes.
