Individual Notes:

Romy Pink is confident and self-assured, although she needs a little time to adjust into a new situation. She shows little to no stress in new situations, around new people or in circumstances that are typically considered stressful. She has good memory, focus and problem-solving abilities above average for her age and stage of development. She has very good motivations for interaction and food. She also has very good interest in toys. She is socially appropriate in her interactions with his litter mates, cats, other dogs and with people. She does use her mouth quite a lot, but has excellent bite inhibition. She is rarely vocal. Pink is very gentle and respectful by nature.

The litter overall have no red flags and show no possessiveness. They are gentle with handling and interaction, particularly Pink. They are all comfortable and tolerant of handling and restraint. Overall, these puppies are well balanced. They all have mid to moderate energy level. They are personable, affectionate, eager and playful. They are curious and happy after given an opportunity to adjust to new situations. They are well balanced and should adapt well into any home. They have good potential for Therapy Work.

Health notes:

Pink has no health notes.
