[TT Video](#)

Blue - he was a little timid to start. Likes to stay close and is comfortable with handling.
Content to be on his own or one on one. An be a "butter baby". Doesn't need too much attention to be content.
Mid-level energy

Green - (BP) good confident energy. Happy to engage. He has great focus and wants to figure things out.
Moderate energy level.

Watch for potential service qualities.

Not fearful or timid. Once he has appropriate energy burns, he settles nicely when being held and loved on.
Silly boy with great motivation to have fun.

Orange - a little reserved to start but once you earn his trust he loves receiving affection. Not too needy or overwhelming.

Content to be on his own. Middle of the road temperament. No red flags. Mid-level energy.

Blue dot - very confident and happy. He loves toys and is easily excited. His focus and attention span will make him

A great prep school candidate. Eager to learn. Smart puppy and is observant of his surroundings. Can entertain himself but can easily be swayed to engage.

More mannerly in his interaction. Not an overwhelming puppy.

Green dot - reserved. Prefers a calmer approach. Content to be on his own. He can entertain himself and is not a needy puppy. He could get overwhelmed if you introduce too much too soon.

He likes to observe from a distant and interact on his own timing.

Separates himself from too much activity .

Will do well in a low-key household.
