Litter Overview

The Clarice females share many similar traits, with each one showing her own unique personality. All of these girls would benefit from basic manners training, as they can be a bit pushy and rough in their play with each other, this is completely normal for puppy behavior. However, when it comes to interacting with people, they are calm and well-behaved, demonstrating a strong foundation of confidence that will help them adapt well to new situations. None of the girls are particularly vocal or mouthy, making them easy to handle and train. Overall, they are a confident, curious, and affectionate group, ready to thrive in loving homes.

Clarice **Pink**

- **Energy Level:** Moderate
- **Personality:** Clarice Pink is a clever and determined puppy, always finding a way to get what she wants. She's naturally curious, eagerly exploring new sights and sounds without hesitation. While she can be a bit pushy in her play with siblings, she's well-mannered with people. Her confidence is evident, and she isn't overly vocal or mouthy, making her an excellent candidate for training.

Clarice **Red**

- **Energy Level:** Moderate
- **Personality:** Clarice Red is a confident and engaging puppy, happy to explore and play. She has a bit of spice in her interactions with her siblings but is gentle and calm when handled by people. Her natural curiosity and problem-solving abilities suggest she would excel with proper training. Like her sisters, she isn't overly vocal or mouthy, making her a delightful companion.
- Clarice **Red** has an underbite.

Clarice White

- POTENTIAL THERAPY CANDIDATE

- **Energy Level:** Mid
- **Personality:** Clarice White is exceptionally social and loves human interaction. While she enjoys playing, she frequently checks back in for love and cuddles, making her the least pushy of the group. She's interested in toys but is more motivated by bonding with people, eager to please, and likely to train well. Her calm nature and lack of excessive vocalization make her a sweet and manageable companion. She is exceptionally people-oriented and very intuitive, making her an excellent therapy dog candidate.

Clarice **Pink Dot**

- **Energy Level:** Moderate
- **Personality:** Clarice Pink Dot is a playful and confident puppy who loves toys and enjoys interacting with her sisters. She calms down immediately when held, showing a sweet and affectionate side. Her energy comes in cute bursts, after which she's content to play independently. She's motivated by toys and interactive play, which will serve her well in training. Like the others, she's not overly vocal or mouthy, making her a great fit for a variety of homes.

Health Notes:

- **Clarice Red:** has an underbite, which has been fully cleared by the vet. It will not cause her any pain or discomfort and won't affect her daily life in any way. She's healthy and ready to thrive!
