Litter Overview:

The Skylar litter is composed of intelligent, affectionate puppies who are all mid-level in energy and adaptable to different environments. These puppies are smart, well-mannered, and show great potential in training programs. A few have shown particularly strong people-focused traits, making them potential candidates for emotional support roles. Overall, they are respectful and gentle in their interactions, with no red flags in behavior or health concerns.

HEALTH NOTES: none

Skylar **Blue**

Enrolled into 8 Week Prep School

- POTENTIAL THERAPY / EMOTIONAL SUPPORT CANDIDATE

- **Energy Level:** Mid-level
- **Personality:** Blue is a sweet and mannerly puppy who takes a little time to warm up but quickly becomes happy and affectionate. He enjoys one-on-one attention and has excellent focus on new sights and sounds. Blue would likely excel in prep school, thanks to his intelligence and attentiveness. He's respectful, not overly pushy or needy, making him an easygoing and smart companion. No red flags were noted.

Skylar **Pink**

- **Energy Level:** Mid-level
- **Personality:** Pink is initially a little shy, often seeking comfort from her sisters, but once she warms up, she becomes sweet and engaging. She's gentle with handling and has good focus, although not overly assertive or pushy. Pink's activity level is expected to rise as she builds confidence, and she's sure to blossom into a confident, loving puppy. No red flags were noted.

Skylar **Red**

- **Energy Level:** Mid-level
- **Personality:** Red is playful and loving but also enjoys her independence. She's a mild-mannered puppy who is happy to entertain herself yet equally enjoys affection and attention. Although slightly shy, her confidence will grow with time. Red is respectful and not needy, handling situations with patience and tolerance. No red flags were noted.

Blue - sweet and mannerly. Happy puppy it just took him a minute to warm up . Good with handling and likes one on one attention.
