Litter Overview:

The Merlot males are a delightful group of puppies with a range of personalities that complement each other. These boys are highly toy-focused, playful, and independent, showing excellent responses to new sights and sounds. These boys love engaging with their littermates and have a strong focus on toys. Their energy levels range from mid to mid-moderate, making them adaptable to various home environments. These are wonderful, happy puppies who will bring so much joy to their future families.

Merlot Blue

Blue is a sweet, mild puppy who takes a little time to warm up. Once comfortable, he enjoys playing with his littermates but often retreats to observe from a distance after some playtime. His more independent nature makes him a calm and gentle companion who enjoys watching the world around him.

- **Energy Level:** Mid
- **Temperament Notes:** Sweet, mild, and independent; warms up gradually.

Merlot Green

Green may be tiny, but he has a mighty personality! He is gentle and sweet, preferring to play independently rather than with the group. Despite his smaller size, he is confident and holds his own with his brothers.

- **Energy Level:** Mid-moderate
- **Temperament Notes:** Independent, gentle, and confident; tiny but mighty.

Merlot Orange

Orange is a confident and self-assured puppy who thrives during playtime. He is highly motivated by toys and enjoys interacting with his littermates. His playful and confident nature makes him an engaging and energetic companion.

- **Energy Level:** Mid-moderate
- **Temperament Notes:** Confident, toy-driven, and social; enjoys group play.

Merlot Blue Dot

Blue Dot is playful, confident, and full of energy. Like Orange, he is highly motivated by toys and has a bouncy, joyful personality. He brings enthusiasm to every play session and enjoys interacting with his littermates.

- **Energy Level:** Mid-moderate
- **Temperament Notes:** Playful, confident, and joyful; very similar to Orange.

Merlot **Green Dot**

Green Dot is mild-mannered and naturally gentle. He loves to explore and check out his surroundings, showing a more independent side. He's not afraid to let his brothers know when something isn't to his liking, making him a confident yet calm puppy.

- **Energy Level:** Mid
- **Temperament Notes:** Mild, gentle, and explorative; calmly asserts himself.

Health Notes:

None

Blue - can take a moment to warm up. Very sweet and more mild. He eventually joins in on the fun but it just takes him a little time to warm up. Once he's played some he will go off and be back on his own - to observe.

Green - tiny but MIGHTY. He doesn't even know he is small. He likes to play independently more than with the group. He is very gentle and sweet.

Orange - very confident and self assured. Very toy motivated. He highly enjoys play time and seeks to interact with his littermates.

Blue Dot - very confident and playful. Highly toy motivated. He is joyful and bouncy.

Green Dot - more mild mannered and naturally gentle. Loves to explore and check things out. He will tell his brothers when he doesn't like something.

Blue Dot, Orange and Green have mid/moderate energy.

Blue and Green Dot have Mid energy levels.

Blue dot and orange are very similar puppies.

None of the puppies are highly people motivated. They all did their own thing and played together with a high focus on toys.

Blue continued to stay off on his own.

All puppies reacted appropriately to

New sites and sounds. These are wonderful puppies that are going to make their person extremely happy!
