Overview for Piper Pink:

Piper Pink is the most affectionate and people-oriented puppy of the litter. She is naturally sweet and gentle, with a love for interaction and attention that sets her apart from her more independent siblings. Pink enjoys exploring and playing on her own but consistently checks back in with her people, showing her strong bond and affection. With her mid to moderate energy level, she balances playfulness with calm moments, making her an adaptable and loving companion. Her gentle nature, along with her enjoyment of both independent and interactive play, makes her a perfect fit for families seeking a puppy who will easily bond and bring warmth to their home. No red flags were noted.
