Carmella Boys Overview:

The Carmella boys are confident and self-assured puppies, though they differ significantly in personality. Both Blue and Green enjoy toys and play but have distinct approaches to human interaction and engagement. While Green exhibits more energy and enthusiasm, Blue is naturally gentle and respectful. Both boys occasionally use their mouths to explore, which is typical puppy behavior and can be redirected easily. These puppies are highly adaptable, though Green may require a more experienced or engaging home to bring out his best qualities.

Carmella Blue

- **Energy Level:** Mid to moderate
- **Personality:** Blue is a naturally gentle and respectful puppy who thrives on playtime with toys. He is eager to engage with his environment but is not overly pushy, making him an adaptable companion for various home types. Blue's calm demeanor and ability to redirect easily make him a joy to be around. His balanced personality ensures he will transition seamlessly into a loving home. No red flags were noted.

Carmella Green

- **Energy Level:** Mid to Moderate
- **Personality:** Green is a confident and energetic puppy with a vibrant personality. While he can be slightly pushy and mouthy at times, these behaviors can be guided into positive traits with training, such as Doodle Prep School. Green's natural enthusiasm makes him a fun and engaging companion, though he may be too much for a home with small children. He will thrive in a home that can provide ample play, energy burns, and structure to channel his energy into good behaviors. No red flags were noted, but he is best suited for a home with experienced owners or one that values an active, engaging puppy.
