### Tia Boys Litter Overview:

The Tia males are a lively and interactive group of puppies, all with confident and self-assured temperaments. They display a balanced blend of independence and a desire for human interaction. Blue and Blue Dot are particularly playful together, often matching each other's high energy, which can be a bit overwhelming for Green and Orange during playtime. These puppies are naturally joyful and would transition well into most home types.

---

### Tia Blue

- **Energy Level:** Moderate
- **Personality:** Blue is a happy, bouncy, and playful puppy. He has a spunky and funny nature and will occasionally vocalize to initiate play. He enjoys working to get and keep your attention and may use his mouth at times to engage. Blue is incredibly interactive and pairs perfectly with his sibling, Blue Dot, during play. No red flags were noted.

### Tia Green

- **Energy Level:** Mid to Moderate
- **Personality:** Green is a confident and self-assured puppy with a nice touch of independence. He is playful, happy, and very middle-of-the-road without any strong outliers. His calm and cool demeanor makes him easy to be around and adaptable to a variety of home types. No red flags were noted.

## Tia Orange - POTENTIAL THERAPY CANDIDATE

- **Energy Level:** Mid to Moderate
- **Personality:** Orange is a therapy candidate with a strong motivation for human interaction. Once comfortable, he is content to explore on his own. He is playful and enjoys toys, balancing moments of independence with interactive play. While he loves to engage, he can step back to observe when his siblings' energy becomes a bit overwhelming for him. His playful and curious nature ensures he will thrive in the right environment. No red flags were noted.

---

## Tia Blue Dot

- **Energy Level:** Moderate
- **Personality:** Blue Dot is confident, self-assured, and independent. He enjoys exploring and playing with toys and is equally comfortable playing on his own. His spunky and bouncy play style is a joy to watch. He demonstrates great independence but still enjoys engaging when it's time for play.
- **Health Notes:** Blue Dot was born with a very short tail, which does not affect his health or mobility.
