Monet Litter Overview:

The Monet litter is a confident, sweet, and playful group of puppies. They are bouncy, fun-loving, and incredibly engaging. All three puppies have a mid to moderate energy level and are naturally curious and investigative. With a wonderful blend of independence and a desire for human interaction, these puppies are adaptable and should transition well into any home type. They are easy to handle, making them a delight to be around. While the group shares many similarities, subtle differences set each puppy apart.

Monet **Pink**

Breeder's Pick ; Enrolled into S.U.P.E.R Puppy Program 16 Weeks

- POTENTIAL THERAPY/ SERVICE CANDIDATE

- **Prep School Dates: 2.6.25 - 5.29.25 (16Wk)**
- **Energy Level:** Mid to Moderate
- **Personality:** *Breeder's Pick*

Pink is the leader of the litter and exudes confidence and self-assurance. She is bubbly, happy, and has an infectious energy that is a joy to watch. As the only girl in the litter, she naturally stands out with her fun and engaging personality.

Monet **Blue**

- **Energy Level:** Mid to Moderate

- **Personality:** Blue has an incredibly fun temperament with the cutest bounce to his play. He is clumsy and silly, always bringing smiles to those around him. Highly motivated by toys, he is often found with one, entertaining himself or engaging with others.

Monet **Green**

- **Energy Level:** Mid to Moderate
- **Personality:** Green is sweet-natured, confident, and self-assured. He loves playing with his littermates but has a slightly more laid-back and reserved demeanor compared to his siblings. His calm and easygoing nature makes him a perfect fit for a variety of home types.

Health Notes:

- Blue has an undescended testicle. This has been thoroughly evaluated and cleared by our veterinarian. This condition will not affect his daily life, overall health, or ability to thrive as a happy and healthy companion.
