### Presleigh Boys Overview:

The Presleigh boys are confident, social, and naturally respectful puppies. They love playing with toys and interacting with one another, showcasing their sweet and engaging personalities. With a mid to moderate energy level, they are adaptable and should transition well into a variety of home types.

---

### Presleigh Orange

*Breeder's Pick ; Enrolled into S.U.P.E.R Puppy Program 16 Weeks*

#### - POTENTIAL THERAPY CANDIDATE

- **Prep School Dates:** 2.13.25 -6.5.25 (16Wk)
- **Energy Level:** Mid to Moderate
- **Personality:** Orange can be a little slow to start but warms up beautifully. At times, he may whine when unsure but is easily calmed with affection. He is highly motivated by human interaction and feels most comfortable being close to you and handled. His loving and affectionate nature makes him a wonderful therapy candidate.

---

### Presleigh Blue

- **Energy Level:** Mid to Moderate
- **Personality:** Blue is the most independent and naturally confident of the group. He is self-assured and content to explore and play on his own. Motivated by toys, he thoroughly enjoys engaging with them and his environment. Blue is a sweet and loving puppy who is a joy to be around.

---

### Presleigh **Green**

- **Energy Level:** Mid to Moderate
- **Personality:** Green is confident, self-assured, and full of playful energy. He has a bouncy and fun play style, motivated by interaction with his littermates and toys. He is content to explore and play on his own, showing curiosity and an investigative nature. Occasionally, he may use his mouth to explore, but this behavior is rare and easily redirected.
