Hollie Girls Temperament Test Results

Litter Overview:
The Hollie girls are confident, self-assured, and content to explore and play independently. They are socially appropriate, adjusting well to new sights and sounds. These puppies are rarely vocal, though they can be curious with their mouths, which is typical for their age and easily redirected. They are playful, happy, and well-rounded puppies, making them excellent companions.

Hollie Pink
Breeder's Pick - Enrolled in 16 Weeks Prep School
Prep School Dates: 2.13.25 - 6.5.25

- **Energy Level:** Mid to Moderate
- **Personality:** Pink is playful, confident, and self-assured. She has a great love for toys and will spend a lot of time engaging with them. Occasionally curious with her mouth, she is easily redirected. Pink's engaging and confident nature ensures she will thrive in any home type and excel in her training. She is very people oriented and intuitive making her a great potential Therapy candidate.

Hollie Red

- **Energy Level:** Mid to Moderate
- **Personality:** Red is the most independent of the group. She is confident, self-assured, and enjoys exploring and playing on her own. Her natural independence makes her an ideal fit for a family seeking a puppy that isn't overly demanding of attention but is still sweet and engaging.

Hollie White

- **(An additional $500 added to puppy balance due to rare coloration)**
- **Energy Level:** Mid to Moderate
- **Personality:** White is a bundle of energy, playful and full of life. She loves playing and engaging with toys, often preferring playtime to cuddles. While she can be slightly mouthy at times, she responds well to redirection. Her cheerful and spirited demeanor makes her a delight to be around. Her engaging personality and strong connection with people make him a great choice for families or potential therapy work.

Health Notes:
None noted.
