Clarice Girls Temperament Overview:

The Clarice litter overall is confident and self-assured. They showed little to no stress in new situations, around new people, or in circumstances typically considered stressful. These puppies are curious and investigative with new sights and sounds including those that should be considered startling. Overall these puppies have good memory, focus, and problem-solving abilities average to their age and stage of development. They also have good motivation for food, toys, and interaction.

These puppies are socially appropriate in their interactions with one another, with cats, and other dogs. They are also socially appropriate in their interactions with people and are rarely vocal. They have excellent bite inhibition rarely using their mouth to initiate or engage in play. These puppies are comfortable, tolerant of handling and restraint. They have no red flags and show no possessiveness. These puppies are fairly consistent with subtle differences between them. Any puppy in this litter has potential for therapy work.
