Valley Litter Temperament Overview:

These puppies overall are confident and self assured. They show no stress in new situations, around new people, or in circumstances typically considered stressful. Blue has excellent motivation for interaction and good motivation for food and toys. Green has good motivation for interaction food and toys at fairly equal and balanced levels. These puppies are curious and investigative with new sights and sounds including those that should be considered startling. They both have good memory, focus, and problem-solving abilities, average to their age and stage of development .

Valley blue and green are socially appropriate in their interactions with people, one another, cats, and other dogs. They do vocalize some during play, but it is socially appropriate and easily managed . They rarely use their mouth to initiate or engage in play and have excellent bite inhibition if they do. These puppies have no red flags and show no possessiveness they are both comfortable and tolerant of handling and restraint, blue actively seeks out in this type of interaction.

Valley Blue

- **Energy Level:** Mid to Moderate
- **Personality:** Blue is social, curious, bubbly, and happy, playful, and silly. He is slightly more engaged than his brother, but he is well balanced, and should adapt well to most any home.
- **Weight:** 3.59lbs
- **Health Notes:** NA
