Effie Girls Temperament Overview:

The Effie litter overall is very confident and self assured. These puppies showed no stress in new situations, around new people, or in circumstances that would typically be considered stressful. Overall these puppies are curious and investigative with new sights and sounds including, those that should be considered startling. These puppies have excellent motivation for interaction and good motivation for food and toys. They have good memory, focus, and problem-solving abilities average to their age and stage of development.

These puppies are socially appropriate and their interactions with one another, with cats, and with other dogs. They are also socially appropriate in their interactions with people, although a couple of puppies can be a little pushy in their effort to get and keep your attention. Training will help because this eagerness to please will be put to good use. These puppies have no red flags and show possessiveness. They do use their mouth to initiate and engage in play, but have excellent bite inhibition and are rarely vocal. They are all comfortable and tolerant of handling and restraint, most of the puppies in this litter actively seeking out this type of interaction.
