Winter Litter Temperament Overview:

Winter blue was raised with the Hadley litter. He shows no stress in new situations, around new people, or in circumstances typically considered stressful. He is curious and investigative with new sights and sounds including those that should be considered startling. He has above average memory, focus, and problem-solving abilities. He has outstanding motivation for interaction and good motivation for food and toys. He is socially appropriate in his interactions with people. He does use his mouth somewhat to initiate or engage in play, but has excellent bite inhibition. He is rarely vocal. Blue is socially appropriate in interactions with other puppies, cats, and with adult dogs. He has no red flags and shows no possessiveness.

Winter Blue

- **Energy Level:** Mid to Moderate
- **Personality:** Blue is very eager, playful, curious, and happy. He is content to explore and play on his own, but would much rather be with and around people. He has very good potential for service work and would do best in a home that is going to be interactive with him.
